

FOREST HALL ESTATE FAMILY RENTAL PACKAGES 2026

The Victorian Manor House, built in 1864, was one of the first homes built in the Craggs and Plettenberg Bay area of the Garden Route. It was declared an Historical Monument by the South African Heritage authority in 1992, and has been splendidly restored to its original glory.

The original nineteenth century yellow-wood and stink-wood floors, stairs and doors of the home have been beautifully restored to show off the features that made these woods so prized for interiors and flooring. This and many other original aspects of the home, including the very close proximity of the same forest from which the wood was sourced, impart not only a sense of time and history, but lend the house a uniquely natural and authentic feel. The atmosphere of a colonial gentleman's family *home* still pervades, and with it the peace and tranquillity of a time gone by and a slower, gentler experience of a less explored Africa.

Accommodation rates:
